## DEPARTMENT OF NATURAL RESOURCES

MICHAEL R. STYLER  
Executive Director

### Division of Oil Gas and Mining

JOHN R. BAZA  
Division Director

September 26, 2007

Mr. John Burggraf, Vice President – Excavation Division  
Lakeview Rock Products, Inc.  
900 North Redwood Road  
North Salt Lake, Ut 84054

Subject: Division Response to Operator Letter Dated September 20, 2007, Lakeview Rock Products, Inc., Thomas Pit, M0110002, Davis County, Utah

Dear Mr. Burggraf:

The Division has received your response to the Division letter of September 7, 2007 and accepts the responses to the action items in that letter. The Division cannot update the contact information until the enclosed form MR-REV is completed along with an update to Notice of Intention (NOI) page 2 showing the desired company representative, telephone and fax. Once the updated page is received, it will replace the existing page in the NOI. This same form, MR-REV, will be required when the updated map figure 3A replaces the existing map titled figure 3A in the plan.

In the near future, the Division would like to perform a site visit to gain further information about the erosion control, surface water control, and other pertinent information, including viewing the recently ordered signs in-place. We will call to schedule that visit, or please contact us once the signs are installed.

Thank you for your timely response to the action items. If you have questions or require discussion, please contact Ms. Beth Ericksen 801-538-5318.

Sincerely

Susan M. White  
Mining Program Coordinator  
Minerals Regulatory Program

## INSTRUCTIONS to REVISE or AMEND MINING OPERATIONS NOTICE OF INTENTION

When an operator intends to revise or amend a mining operation, a **notice** to Amend or Revise the mining and reclamation plan **must be submitted** to the Division and **approved prior to creating any disturbance beyond what has already been approved**. The notice must include all information, concerning the revision or amendment, that would have been required if it had been included in the original Notice of Intention (NOI).

**"REVISION"** means a **significant change** to the approved Notice of Intention to Conduct Mining Operations, which will increase the amount of land affected or alter the location and type of onsite surface facilities such that the nature of the reclamation plan will differ substantially from the approved Notice of Intention. Revisions require a formal public notice of tentative approval and may require a change in the amount of reclamation surety.

**"AMENDMENT"** is an **insignificant change** to the approved Notice of Intention. An amendment requires Division approval, but does not require public notice.

The Division will determine whether a request for change is significant or insignificant on an individual case-by-case basis.

### Instructions:

- Changes to the mining and reclamation plan are made by providing a completely new plan or by adding, replacing, or removing pages to the current plan. Detailed instructions for adding or replacing pages and maps must be included (please identify on the attached form MR-REV-att).
- Text changes should be shown in a redline/strikeout format.
- The amended application should be accompanied by a cover letter: referring to the permit number, operator name and mine; describing the contents; and referencing any Division action that initiated the change (i.e. Notice of Violation, previous review, Division Order).
- The submitted revision or amendment must be complete and should not rely on additional materials that will be submitted at a later date.
- Form MR-REV-att, or equivalent, must be submitted with the application for change.

After the Division conditionally approves the change, two clean copies will be requested which will be stamped "approved" and one copy returned for your copy of the mining and reclamation plan. The change is now approved and you may proceed with your plans.

**Identify any changes this modification will have to:**

**I. General Information (R647-4-104)**

- Location of Proposed Activities:
- COUNTY
- TOWNSHIP, RANGE, SECTION(S) (Identify to 1/4, 1/4 section)

**Ownership of Land Surface:**

- Private (Fee) - Identify Owners Name(s)
- State of Utah (SITLA) lands, Public Domain BLM), National Forest (USFS)

**Ownership of Minerals:**

- Private (Fee) - Identify Owners Name(s)
- State of Utah (SITLA) lands, Public Domain BLM), National Forest (USFS)
- **BLM Lease or Project File Number(s) and/or USFS assigned Project Number(s)**
- **Utah State Lease Numbers(s)**

**II. MAPS, DRAWINGS & PHOTOGRAPHS (Rule R647-4-105)**

Appropriate maps, drawings, plates, etc. should be provided that are pertinent to the revision, or amendment of mining operations. Please provide a revised map outlining the previously approved and the new proposed disturbed area boundaries. These materials should be prepared according to the requirements of Rule R647-4-105.

**III. OPERATION PLAN (Rule R647-4-106)**

All appropriate information requirements outlined under Rule R647-4-106 must be addressed in the application. Identify additional proposed surface disturbance. Include the total number of acres to be affected by the revision or amendment.

**IV. IMPACT ASSESSMENT (Rule R647-4-109)**

Provide information required under Rule R647-4-109 regarding projected potential surface and/or subsurface impacts that may be associated with the proposed change(s) in mining operations.

**V. RECLAMATION PLAN (Rule R647-4-110)**

Outline any proposed changes to the originally approved reclamation plan. Address all appropriate sections of Rule R647-4-110 as they apply to the proposed change(s) in mining operations.

**VI. VARIANCE (Rule R647-4-112)**

Identify any requests for variance from the requirements of rules R647-4-107, -108, or -111. A narrative justification and alternate methods or mitigating measures must be included for each variance request.

**VII. SURETY (Rule 647-4-113)**

**Reclamation Surety:**

Indicate whether the proposed activities will change the amount of work required to reclaim the mine site. If significant changes will result, then an itemized reclamation cost estimate should be provided (and attached) with direct reference to the specifics of the proposed change(s). This information will be used to assist the Division in determining any reclamation surety adjustments required for the operation.

## Application for Mineral Mine Plan Revision or Amendment

<b>Operator:</b>			
<b>Mine Name:</b>		<b>File Number:</b> M/ /	
<small>Provide a detailed listing of all changes to the mining and reclamation plan that will be required as a result of this change. Individually list all maps and drawings that are to be added, replaced, or removed from the plan. Include changes of the table of contents, section of the plan, pages, or other information as needed to specifically locate, identify and revise or amend the existing Mining and Reclamation Plan. <b>Include page, section and drawing numbers as part of the description.</b></small>
